trash

In closed bags, each one weighing 30 pounds or less. See reverse for more.

trash

We charge for trash by weight (pounds) or volume (gallons), whichever is greater. Additional trash is \$4 per 10 gallons or pounds, if we have space. For example, if you pay for 30 gallon service and we take 40 gallons or pounds, we charge \$4 extra.

recycling

Separate as shown on the opposite side. For weekly pickups, we'll take a maximum of four 14-gallon tubs (which we provide) of recycling per pickup. For biweekly or monthly pickups, the maximum is three 14-gallon tubs. Additional recycling is \$4 per 14-gallon tub, if we have space.

compost

Put in a closed container lined with a paper bag, newspaper, or a certified compostable plastic bag such as BioBags. Please clean your container regularly. All plans include up to 8 gallons of compost per pickup. Extra is \$0.25 per pound if we have room (free if you have trash pickup and haven't reached the maximum trash weight of your plan).

billing

We bill in advance, in 3 or 6 month periods. For the first pickup, we'll start right away, and you'll have 30 days to pay. Bartering arrangements and financial assistance are possible.
